# ABOUT MELISSA

Before Melissa Halbert became a dance instructor, she was a Girl Scout herself.

She started all the way from the beginning as a little Daisy, and finished when she received the highest Girl Scout honor available, the Gold Award! For her final project she refurbished an interactive walking trail for Special Equestrians (an equine program for students with special needs.) At the time Melissa was a volunteer with Special Equestrians which inspired her to choose them for her project.

Since then she has graduated from Faulkner University with a degree in Theatre Performance, and shortly thereafter began her dance career. She started off teaching ballroom dance to youth and teens through a homeschool dance program. Today Melissa is a DVIDA® certified professional ballroom dance instructor. She also teaches line dances and a dance fitness program called REFIT® Revolution. In addition to her dancing she also does characters and princesses for parties and other events.

# PRICING

## \$10 per girl

*Price includes Brownie Dancer Badges to go on uniform, a take home handout with information for the girls to continue dancing, and spreadsheet for the leader detailing all activities completed during the class.*

*Please schedule class a minimum two weeks in advance.*

## WHAT WE WILL DO

### WARM UP AND GET MOVING

The Girl Scouts will start the class off by getting their bodies ready for dancing! We will be running, walking, jumping, skipping, hopping, leaping, sliding, bending, lifting, rolling, twisting, jumping, and much more.

### TAKE TO THE FLOOR LIKE A DANCER

With the help of their dance instructor, the girls will be taught how to have good posture, how to carry themselves when walking, how to take a bow & curtsy, as well as other skills needed to move across the floor and dance gracefully.

### TRY A NEW DANCE

Next the girls will learn something new. They'll get their heart pumping with an upbeat dance fitness routine! Then they'll learn the intricate steps involved in line dancing.

### MAKE UP YOUR OWN DANCE

Finally, the girls will be able to use their newfound skills to choreograph their very own dance! Afterward they'll be able to take everything they've learned home with them in order to teach their families how to dance!
